

LEGISLATIVE UPDATE

FEbruary 19, 2015

Legislative Lingo

In these updates we will use certain terms that describe where a bill is in the legislative process. Here is a brief guide to those terms and some basic legislative procedure:

- Committees have a number of options for each bill – send as introduced to the full Legislature for General File, send to General File with amendments, Indefinitely Postpone (or kill) the bill, or take no action.
- Once a bill is sent to the full Legislature out of committee, it faces three stages of debate and voting – General File, Select File and Final Reading.
- At the General File and Select File stages a bill can be amended; a bill cannot be amended at the Final Reading stage.

Bills will be deleted from the Legislative Update as they are Indefinitely Postponed or become law.

Bills Update

Bills included below are ones the Center for Rural Affairs is actively working on or tracking.

The words *Support* or *Oppose* after a bill description indicate where the Center for Rural Affairs has taken a position on the bill. If neither word is indicated, the Center has not taken a position at this time.

Rural Development/Economic Development/General Economics/Poverty
