

Sell your business

confidentially & effectively!

★ Are you wanting to sell your business confidentially & not concern your customers?

Learn how to do this at PK Partnership's Oct. 27th seminar featuring speaker Frank Haverkamp, CEO of Sunbelt Enterprises. The Monday evening dinner seminar will also be offered as an interactive video conference the following morning on Oct. 28. Frank will show you how it is possible to link willing sellers with willing buyers without putting a "For Sale" sign in your window. You will learn that you can sell your business when the time is right and find the perfect buyer with your customers remaining confident in your business.

Even if you are not planning to sell soon, you will learn valuable information at this seminar that will assist you in making educated decisions when that time comes. Call the numbers below to attend the seminar or to participate in the interactive video conference.

Register for...
